Hannah has had to demonstrate that she is able to lead and also to administer and it is quite a credit to achieve. Hannah had also been selected as a participant in the Clare Shaw Competition, the aim of which was to identify the best Cadet in the UK when she had finished in overall 3rd place but was the 1st female Cadet. Matters Arising

Ref:R4

13361 RESOLVED

“that Cllr. A. Smith’s comment concerning Minute 13333 (b) relating to the County Council Highways Budget and enquiring of Cllr. Nicholson how much of the extra £1 million allocation had been spent in Cockermouth be noted and Cllr. Nicholson’s reply he had made initial enquiries and had been informed figures were readily available as to how much had been spent in the Allerdale area but not for Cockermouth alone but he indicated he would chase up this information be also noted together with the Clerk’s comment he had written to the appropriate Cabinet Member of the County Council asking the same question but a reply was still awaited”.

Attendance by Police

Two members of the public were in attendance to present a petition to the Police concerning road safety on the Windmill Lane estate. Following the official handing over of the petition Inspector Connolly indicated it was a petition with over 200 signatures entitled ‘Help us to Stop Speeding on our Estates Now’.

Cllr. Nicholson indicated he had been contacted by the Head of All Saints School on the same subject and indicated the School would be making a presentation to the County Council Area Committee and suggested these two ladies contact the School with a view to everyone working together.

Inspector Connolly indicated the Police were very keen to set up a Road Safety Committee and then went on to make a further appeal for the funding of a speed indication device for Cockermouth. A discussion then ensued when the Clerk indicated he had previously written to Ged Acton to see if the Partnership could help. Cllr. Smith referred to discussions he had held with the Police concerning speed indication devices and asked the Council to formally consider the purchase of such a device. The Clerk indicated £1,000 provision had been made in the budget towards CCTV/Speed Cameras. It was noted the cost of a speed indication device was just over £2,000 and it was noted enquiries would be made by elected members of the County Council and the Borough Council to see if matched funding could be found. The Inspector indicated the devices were very effective. It was agreed an item be put on the agenda for the next meeting to enable the matter to be given further consideration. Inspector Connolly also indicated he would ask Sgt Smilie to attend the next meeting as the Police representative who, as well as giving the normal monthly report, would be able to speak on the Personal Safety Initiative.

Insp. Connolly then gave a report on Police activity in town over the last month indicating there had been a spate of burglary and damage offences around the Greens Yard/Sullart Street area and a male had been arrested and charged with numerous offences taken into consideration. In addition four youths had been arrested for a non-residential burglary. There had been a number of arrests of target criminals in the Cockermouth area for various offences including burglary, breach of bail and assault. An ASBO has been issued for one of Cockermouth’s targets and another person has stringent bail conditions which are being closely monitored.

The Inspector then referred to a Streetsafe Day which was held in Cockermouth on 7th May which involved a number of partners such as the Fire Service, Borough and Town Councils, Cockermouth Partnership, the County Council, social housing providers as well as officers from the Community Safety Unit and local officers conducting surveys along Main Street and the surrounding streets. The results had been published and indicated the biggest concern was still anti social behaviour, an issue which is being tackled with the Dispersal Order still in place. From the inception of the Dispersal order on 8th May 29 people had been dispersed and one person reported for breaching it. Extra staff had been requested to continue with patrols in the dispersal zone over the forthcoming weeks.

The Inspector then gave statistics relating to arrests and crime incidents during the period which were noted. He also indicated a drink drive campaign is in operation in June as well as a speed enforcement campaign aimed at speeding on trunk roads. Speeders were also being targeted on local estates.

Inspector Connolly concluded his report by indicating that during the period the Police had dealt with 4 missing persons reports all of whom had been located safely, they had been called to 3 sudden deaths, none of which were suspicious, there had been one mountain rescue call and they had attended 19 road traffic collisions, out of which 15 were damage only accidents and 4 involved injury although none serious.

A member then referred to youngsters causing a nuisance on the land at the confluence of the rivers, mainly alcohol induced. The Clerk also referred to problems reported to him as a result of youths congregating, pulling up and throwing stones and drinking alcohol on this land. Insp. Connolly indicated he would look into these matters.

Two members of the public left the meeting at this point at 7.25 p.m.

The Clerk referred to a letter he had received from a member of the public concerning inter alia the Dispersal Order when the Inspector indicated the Dispersal Order has significantly reduced anti social behaviour in town.

A question was then asked by a member as to whether or not vehicles parking on pavements was a Police matter as this had been happening in the Market Place area. The Inspector replied yes it was if an obstruction was being caused. A discussion then ensued on the whole question of parking in the Market Place area and the need for the matter to be sorted out.

Inspector Connolly left the meeting at 7.35 p.m.
